March 25, 2014

Dear Angelica kokkalis,

The China Association of Acupuncture-Moxibustion would like to extend our invitation for you to attend “**International Symposium on Acupuncture Research**” to be held May 30- June 1, 2014 in Beijing, China. This conference is co-sponsored by: **China Association of Acupuncture - Moxibustion (CAAM) & Society for Acupuncture Research (SAR)**. We recommend that you arrive in Beijing as early as May 24, 2014 and depart as late as June 14, 2014.

Full Name: Angelica kokkalis

Gender: Female

Date of birth: jan 23 19965

Locations to be visited: China Academy of Chinese Medical Sciences (*Note: Travel costs and accommodations will be self-paid.*)

ABOUT THE CONFERENCE:

Title: Impact of Acupuncture Research on 21st Century Health Care

Conference website: <http://www.acupunctureresearch.org>

The 2014 CAAM-SAR conference will explore diverse areas of acupuncture research, emphasizing their potential to affect health policy decisions and enhance clinical practice.

- Leading researchers from China and abroad will present keynote addresses, participate in symposia and panels, and lead workshops assessing recent progress, challenges and opportunities for the field.
- Representative speakers from the national and international acupuncture research communities will present original data in three major areas: clinical research, basic science and research methodology.

We look forward to engaging a vibrant group of attendees from across the globe and welcome an international dialogue and perspective.

Sincerely,

Dr. Liu Baoyan, CAAM
Co-Conference Chair

Dr. Vitaly Napadow, SAR
Co-Conference Chair
